

## **BISS Foundation supports Plant-a-Talent with a Generous Donation**

**Munich, February 2019**

Plant-a-Talent gGmbH is pleased to announce a generous donation from the **BISS Foundation**. This donation will cover the costs of five candidates in 2019 for their participation in Plant-a-Talent's CV workshop, one-on-one personal coaching support, job preparation and inclusion in one of our mentoring programs.

Monetary donations like this one from **BISS Foundation** make it possible for Plant-a-Talent to continue to offer our well needed services and resources to help pave the way for refugees, all immigrants as well as socially and economically under-privileged people to successfully join the German job market and thus, a free self-determined life. Moreover, all of candidates will have the chance to make an active contribution to the Munich community as a result of their successful integration and inclusion.

Plant-a-Talent is most grateful for this donation from the **BISS Foundation** and would like to especially thank **Ms. Hildegard Denniger, CEO**, for her trust and solid support.
